

PUBLIC NOTICE

PERMIT APPLICATION: NRS 06.305

APPLICANT: Goodall Inc.

ATTN: Jack Ludington
393 Maple Street, Suite 100
Gallatin, TN 37066
(615) 451-5029

LOCATION: unnamed tributaries to Middle Fork Cedar Creek, located north of I-40 off of Leeville Pike for the proposed Stonebridge development, Wilson County, Lat/Long: 36.1883°N/86.3820°W

WATERSHED DESCRIPTION: Cumberland-Old Hickory Lake Watershed, stream listed as not supporting and on 303(d) list for loss of biological integrity due to siltation and other habitat alteration

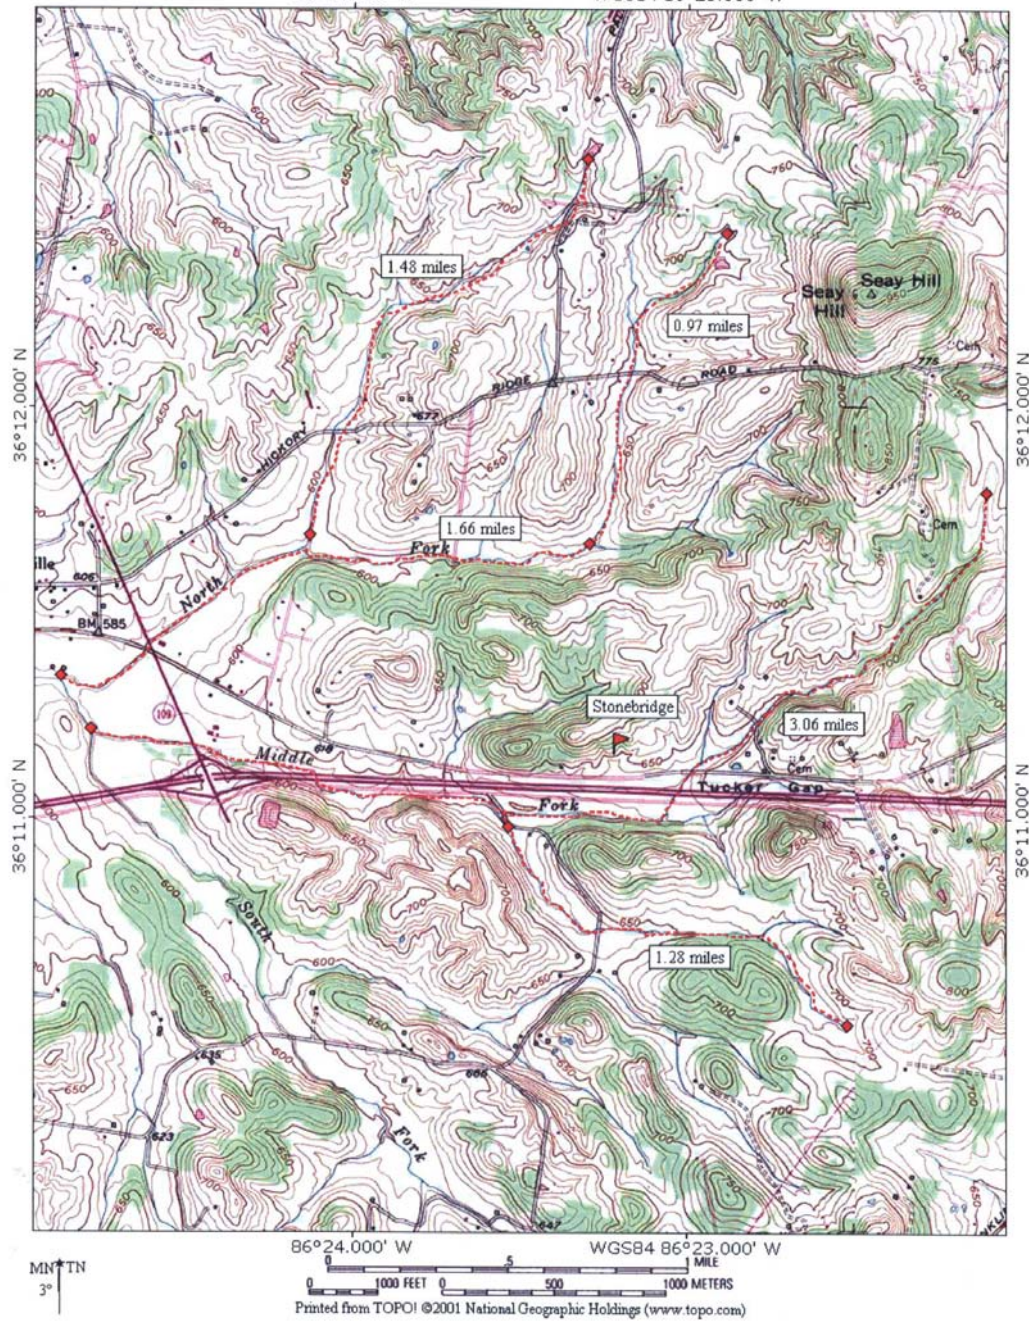

PROJECT DESCRIPTION: The purpose of the proposed project is to provide road and utility service for the proposed Stonebridge development. The proposed impacts include 98 feet of a 14-foot by 5-foot box for a road crossing, removal of existing culvert and replacement with approximately 30 feet of temporary stream crossing and a waterline crossing on the eastern-most stream. Proposed impacts also include 66 feet of a 10-foot by 5-foot box for a road crossing, 2 gravity sewer crossings and a waterline crossing of the western-most stream. There will be no blasting for any of the utility line crossings. All in-stream work will be conducted in the dry.

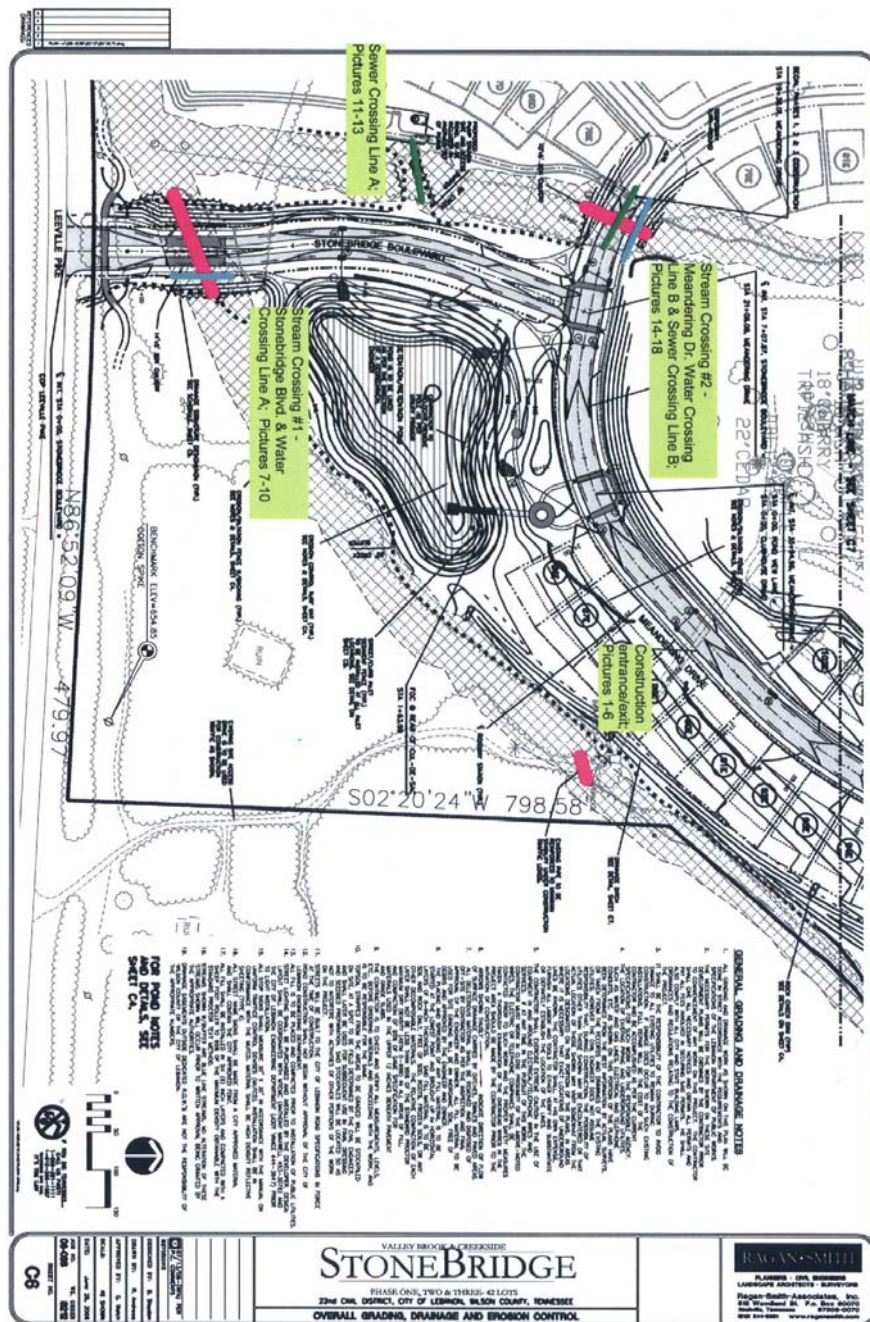

PERMIT COORDINATOR: Kelly Morrison

No decision has been made whether to issue or deny this permit. The purpose of this notice is to inform interested parties of this permit application and to ask for comments and information necessary to determine possible impacts to water quality. Persons wishing to comment on the proposal are invited to submit written comments to the department. Written comments must be received within **thirty days of the date that this notice is posted**. Comments will become part of

the record and will be considered in the final decision. The applicant's name and permit number should be referenced.

Interested persons may also request in writing that the department hold a public hearing on this application. The request must be filed within the comment period, indicate the interest of the person requesting it, the reasons that the hearing is warranted, and the water quality issues being raised. When there is sufficient public interest in water quality issues, the department will hold a public hearing.

The permit application, supporting documentation including detailed plans and maps, and related comments are available at the department's address for review and/or copying. The department's address is:

Tennessee Department of Environment & Conservation
Division of Water Pollution Control, Natural Resources Section
7th Floor L & C Annex
401 Church Street
Nashville, TN 37243

In deciding whether to issue or deny a permit, the department will consider all comments on record and the requirements of applicable federal and state laws.
